APPLICATION PRECAUTIONS

- A trial of this product on a limited scale application methods, and desired rates is recommended. Avoid application to plants under stress.
- Do not incorporate into media prior to steam sterilization.
- For mixes containing soil, reduce application rate by approximately 25%.
- When using supplemental liquid feed, reduce the rate of this formulation accordingly.
- If mixed media is not used within two weeks, leach thoroughly before using.
- To avoid buildup of soluble salts, occasional leaching may be necessary.
